

### **B143 - Shifting Investment to Low-Emission Transportation – Endorsed**

Whereas the Prime Minister of Canada and the Premiers of BC and most provinces signed the *Pan-Canadian Framework on Clean Growth and Climate Change* in 2016, endorsing a policy shift that could substantially reduce greenhouse gas (GHG) pollution from transportation while funding public transit improvements, including inter-city and commuter bus and rail service;

And whereas the transportation sector is the second-largest contributor of GHG pollution in Canada, representing 23 per cent of total emissions:

Therefore be it resolved that local governments call on the Governments of Canada and British Columbia to fully implement their commitment in the *Pan-Canadian Framework on Clean Growth and Climate Change*, to shift investments “from higher to lower-emitting types of transportation”.
